ACTION ALERT!

Equal Pay for Equal Work Act

Sponsors: Sens. Danielson & Pettersen; Reps. Buckner & Gonzales-Gutierrez

SB19-085 creates the “Equal Pay for Equal Work Act”, a Colorado solution to address pay and gender equity with two key elements:

- Common-sense prevention and transparency measures such as posting salary ranges for jobs and notifying current employees of promotional opportunities
- The ability for women to challenge pay disparities that exist with male colleagues

- If you are still unclear, don't sign until you can get more information.
